

## **CCCL bags ONGC Project worth Rs.431 crores**

- ***To build ONGC's corporate office - "Rajiv Gandhi Urja Bhavan" in New Delhi***
- ***Enters joint venture with Samjung Tech, to design and build first-of-its kind automated car parking for DMRC***

**India, New Delhi, 11 August, 2009:** Consolidated Construction Consortium Ltd (BOM: 532902), an integrated construction service provider with projects in the industrial, commercial, residential, and infrastructure space, today announced that it has bagged **project worth Rs. 431 crores** from Oil and Natural Gas Corporation Limited (**ONGC**) to build its corporate office - "**Rajiv Gandhi Urja Bhavan**" in **Vasant Kunj, New Delhi.**

CCCL has also entered into a Consortium with **Samjung Tech**, a Korean electronics company, to design and build first-of-its kind automated car parking structure for Delhi Metro Rail Corporation (DMRC) in New Delhi.

The new ONGC corporate office will be state-of-the-art construction with Green Building compliance and complete side walling done of curtain wall glazing. The building also features center dome with lenticular cable net system inclusive of glass canopies. The **total area** of the green building is **10, 63,085 Sqft** consisting of two basements, ground floor and 5 floors. The job consists of Civil, Electrical, HVAC, Fire Fighting & Fire Alarm, IBMS, Facading, Interiors, PHE works, Lifts, Solar Photo Voltaic, WTP/STP, etc. The project will be completed in 18 months.

The Joint venture with Samjung Tech, a Korean electronics company is to supply electronic equipment for the automation component in the car parks to be built, while CCCL will be responsible for the design and civil construction. Work on Construction has already begun for the automated car parking for DMRC.

Presently, the company is associated with the following projects in Delhi & NCR regions:

- Sewage Treatment Plant at Keshopur
- Water Treatment Plant at Dwarka

- IT Park for DMRC at Shastri Park
- Multi Level Car parking for DMRC at Delhi High Court
- Police station for Delhi Police at Connaught Place

CCCL has completed projects like construction of office complex in Domestic airport for Delhi International Airports Ltd., Andhra Pavilion in Pragati Maidan, Corporate office and Storage building for MRF Limited in Najafgarh Road, Factory building for ITC at Ghaziabad, Factory building for Tricolite industries at Gurgaon and office building for RR Tech Mach Ltd. & Software Complex for HCL Technologies Ltd. at Noida in Delhi and NCR Regions

CCCL have associated with the airport project at Chennai for expansion of international and domestic terminal, multilevel car parking and construction of bridge across Adyar River in Chennai. The company is also associated with other airport projects in Delhi, Dehradun, Tiruchirapalli, Thiruvananthapuram and Mangalore.

With these orders, the total order backlog is 4100 crores, which is to be executed over a period of 18- 24 months.
